Property #14: Super secluded multi use recreational property located near Leakey. This 50.22 AC. (Per Real CAD) tract offers a high level of privacy and numerous outdoor activities such as hunting, camping, hiking, & mountain biking. There is an old hunter's cabin on the property but no other improvements or utilities so if "off grid" is your thing then consider this a blank canvas. The topography is diverse with an ample amount of level land at the highest elevations and then rugged descending hillsides meeting together in a beautiful valley covered in Oaks & sprawling grassy flats. There are numerous wet weather creek beds and a spring that unfortunately has been weakened by the drought but in wetter times provides a refreshing oasis for the wildlife. Abundant native & exotic animals are known to inhabit the area so the hunting should be good. All photos of the wildlife & spring were taken on the property by the sellers throughout their ownership of it. Rough & rugged but truly beautiful and a great buy! Listed at \$229,500
